

ANJALI THOMAS

Machine Learning Engineer

Thiruvananthapuram, Kerala

Email: anjali.thomas@example.com

Phone: +91-90000-33333

PROFILE

Machine Learning Engineer with 2 years of experience developing machine learning models and data pipelines. Experienced in Python, Scikit-learn and SQL.

TECHNICAL SKILLS

- Python
- Machine Learning
- Scikit-learn
- Pandas
- NumPy
- SQL
- Git
- Jupyter Notebook

WORK EXPERIENCE

DataTech Solutions

Junior Machine Learning Engineer

2024 – Present

- Built classification and regression models using Scikit-learn.
- Performed data cleaning and feature engineering.
- Evaluated models using precision, recall and F1-score.
- Created reusable Python data-processing pipelines.
- Worked with SQL databases to extract analytical data.

PROJECTS

Customer Churn Prediction

- Developed a machine learning model to predict customer churn.
- Performed exploratory data analysis and feature selection.
- Compared Logistic Regression, Random Forest and XGBoost models.

EDUCATION

B.Tech in Computer Science and Engineering

Kerala Technical University

2024

CERTIFICATIONS

Machine Learning Specialization

Python for Data Science
